# Chapter 8

# Executive Summary

# Executive Summary

From the beginning Emergency Information on Mobile consists of five features. The deliverables Plan are defined as follows:

**In Progress Report I**

**Deliver:** Feature#1 – Map and help information system

Feature#5 – Speech News System

**In Progress Report II**

**Deliver:** Feature#2 – Search information system

Feature#4 – Automatic collecting data system

Feature#5 – Manage information system

**In Progress Report III**

**Deliver:** Feature#3 – Rating location

Feature#5 – Manage information system

According to the plan, we have added the new feature#6, because the feature#5 does not support all functions. So the deliverables are as follow:

**In Progress Report I**

**Deliver:** Feature#1 – Map and help information system

Feature#5 – Speech News System

**In Progress Report II**

**Deliver:** Feature#2 – Search information system

Feature#4 – Automatic collecting data system

Feature#5 – Manage information system

Feature#6 – Support information for mobile

**In Progress Report III**

**Deliver:**  Feature#3 – Rating location

Feature#5 – Manage information system

Feature#6 – Support information for mobile
